

Zippette™ Classic Bottle-top Dispensers

- // All wetted parts are fully autoclavable at 121°C, 2 bar
- // New spring-lock cursor design ensures fine adjustment for exact and reproducible dispensing
- // Easily removable PTFE piston for cleaning and smooth action
- // Borosilicate glass barrel protected with a transparent polypropylene sleeve
- // Easy to adjust calibration mechanism
- // Precision valve mechanism ensures easy priming and minimum waste with no leakage back into the reservoir – the Zippette™ stays fully primed all day
- // Optional safe anti-tip amber glass reservoirs with side filler neck
- // Chemically resistant liquid pathway
- // Anti-drip tap

Zippette™ Classic Bottle-top Dispenser

Available in five fully adjustable sizes 2.5ml, 5ml, 10ml, 30ml and 50ml. The autoclavable Zippette™ variable volume bottletop dispenser has an accuracy of delivery within $\pm 0.3\%$ on maximum delivery and a precision better than 0.1% CV.

All models are fitted with an anti-drip safety valve, a feature which guards against drips when the Zippette™ is not in use. A fine adjustment mechanism allows for even greater reproducibility for repeat dispensing whilst the new right-angled delivery spout ensures accurate dispensing into narrow neck containers.

Manufactured to ISO9001:2000 quality system standards, each unit is supplied with an individual calibration certificate.

Unlike other bottle-top dispensers, the Zippette's glass barrel can be disassembled from the pedestal for thorough cleaning. This also ensures that, in the unlikely event of damage, you can replace individual parts rather than have to buy a new dispenser.

Cat. No.	Description	Max. vol., ml	Incr., ml
263-000	Zippette™ bottle-top dispenser	2.5	0.05
263-001	Zippette™ bottle-top dispenser	5	0.1
263-002	Zippette™ bottle-top dispenser	10	0.2
263-003	Zippette™ bottle-top dispenser	30	1.0
263-004	Zippette™ bottle-top dispenser	50	1.0

Please note that the Zippette™ is not supplied with a reservoir. It has a standard 30mm neck fitting and is supplied with 38, 40 and 45mm bottle neck adaptors.

Features

Extendable Delivery Jet

A new optional PTFE extendable delivery jet gives versatility to your dispensing.

The delivery jet stylus slots into the right-angled spout for 'hands-off' use.

Fine adjustment slot on cap allows for user calibration

New cursor design for even greater precision on volume

Accessories

Cat. No.	Description
263-058	Extendable delivery jet
262-140	Spare 33mm threaded polypropylene bottle adaptor
262-129	Spare 38mm threaded polypropylene bottle adaptor
262-128	Spare 40mm threaded polypropylene bottle adaptor
262-130	Spare 45mm threaded polypropylene bottle adaptor
262-085	Funnel with offset stem for filling reservoir side neck

Anti-tip Reservoirs

Cat. No.	Description	Capacity, litres
262-086	Amber squat reservoir with side filler neck	1.4
262-103	Amber squat reservoir with side filler neck	2.5
262-087	Amber Winchester reservoir with side filler neck	2.5
262-096	Clear glass reservoir with plastic coating and fingergrip handle (single neck)	2.5
262-097	Amber glass reservoir with plastic coating, fingergrip handle and adaptor (single neck)	4.5
