

Advanced instrument for simultaneous pH and ion analysis

Imacimus 2

Complete **dual-channel laboratory** system designed for **simultaneous determination of pH and any ion** compatible with the range of NT Sensors ion-selective sensors.

Nano ISE

Precision and reliability at the nanometric scale

Nano ISE sensors have been developed for the precise **determination of ions in micro-volume samples**, enabling analysis in drops, microtubes, and Eppendorf-type containers with minimal sample consumption. They are specifically designed for **research, development, and life sciences applications**.

Single ION (Electrode)

1 probe for 14 sensors.

Its solid-state technology **based on carbon nanotubes** enables **reliable measurements** of specific ions with virtually no maintenance. Compatible with any ion meter, pH meter, or mV meter on the market. A versatile solution for **laboratories, research, and quality control**.

**Accurate results
in 1 minute**

**Wide range of
applications**

**Productivity
optimization**

**No maintenance
required**

Imacimus 2. Simultaneous ION and pH meter. Dual ION kit.

SKU: IC2-KIT

 GTIN: 8436610061834
 HS code: 9027.89.30

Stand and electrode not included

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe. For up to 1 Mini ISE. Electrode not included.
- Reference/pH electrode.
- pH 4 & pH 7 buffers (50 mL).

Imacimus 2. Simultaneous ION and pH meter. ISE analyzer system for Bromide and pH. Includes meter, probes, and accessories.

SKU: PRO1073-Br

HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Bromide electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Bromide (100 mL).
- Calibration standard 100 mg/L Bromide (100 mL).
- Calibration standard 1000 mg/L Bromide (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analyzer system for Calcium and pH. Includes meter, probes, and accessories.

SKU: PRO1073-Ca2

 GTIN: 8436610061858
 HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Calcium electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Calcium (100 mL).
- Calibration standard 100 mg/L Calcium (100 mL).
- Calibration standard 1000 mg/L Calcium (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analyzer system for Chloride and pH. Includes meter, probes, and accessories.

SKU: PRO1073-CL

 GTIN: 8436610061872
 HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Chloride electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Chloride (100 mL).
- Calibration standard 100 mg/L Chloride (100 mL).
- Calibration standard 1000 mg/L Chloride (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analyzer system for Perchlorate and pH. Includes meter, probes, and accessories.

SKU: PRO1073-CIO4

HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Perchlorate electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Perchlorate (100 mL).
- Calibration standard 100 mg/L Perchlorate (100 mL).
- Calibration standard 1000 mg/L Perchlorate (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analysis system for Copper and pH. Includes meter, probes, and accessories.

SKU: PRO1073-CU2

 GTIN: 8436610061889
 HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Copper electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Copper (100 mL).
- Calibration standard 100 mg/L Copper (100 mL).
- Calibration standard 1000 mg/L Copper (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analysis system for Fluoride and pH. Includes meter, probes, and accessories.

SKU: PRO1073-F

HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Fluoride electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Fluoride (100 mL).
- Calibration standard 100 mg/L Fluoride (100 mL).
- Calibration standard 1000 mg/L Fluoride (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analysis system for Iodide and pH. Includes meter, probes, and accessories.

SKU: PRO1073-I

HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Iodide electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Iodide (100 mL).
- Calibration standard 100 mg/L Iodide (100 mL).
- Calibration standard 1000 mg/L Iodide (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analysis system for Potassium and pH. Includes meter, probes, and accessories.

SKU: PRO1073-K

GTIN: 8436610061940
 HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Potassium electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Potassium (100 mL).
- Calibration standard 100 mg/L Potassium (100 mL).
- Calibration standard 1000 mg/L Potassium (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analysis system for Lithium and pH. Includes meter, probes, and accessories.

SKU: PRO1073-LI

GTIN: 8436610061896
 HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Lithium electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Lithium (100 mL).
- Calibration standard 100 mg/L Lithium (100 mL).
- Calibration standard 1000 mg/L Lithium (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analysis system for Magnesium and pH. Includes meter, probes, and accessories.

SKU: PRO1073-MG2

GTIN: 8436610061933
 HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Magnesium electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Magnesium (100 mL).
- Calibration standard 100 mg/L Magnesium (100 mL).
- Calibration standard 1000 mg/L Magnesium (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analysis system for Sodium and pH. Includes meter, probes, and accessories.

SKU: PRO1073-Na

GTIN: 8436610061902
 HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Sodium electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Sodium (100 mL).
- Calibration standard 100 mg/L Sodium (100 mL).
- Calibration standard 1000 mg/L Sodium (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analysis system for Ammonium and pH. Includes meter, probes, and accessories.

SKU: PRO1073-NH4

GTIN: 8436610061919
HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Ammonium electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Ammonium (100 mL).
- Calibration standard 100 mg/L Ammonium (100 mL).
- Calibration standard 1000 mg/L Ammonium (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analysis system for Nitrite and pH. Includes meter, probes, and accessories.

SKU: PRO1073-NO2

GTIN: 8436610061926
HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Nitrite electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Nitrite (100 mL).
- Calibration standard 100 mg/L Nitrite (100 mL).
- Calibration standard 1000 mg/L Nitrite (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.

Imacimus 2. Simultaneous ION and pH meter. ISE analysis system for Nitrate and pH. Includes meter, probes, and accessories.

SKU: PRO1073-NO3

GTIN: 8436610061865
HS code: 9027.89.30

- 2-channel ION/mV/pH meter for PC/Laptop use.
- Windows software.
- USB cable for data/power supply.
- Single ION probe.
- Mini Nitrate electrode.
- Reference/pH electrode.
- Calibration standard 10 mg/L Nitrate (100 mL).
- Calibration standard 100 mg/L Nitrate (100 mL).
- Calibration standard 1000 mg/L Nitrate (100 mL).
- pH 4 & pH 7 buffers (50 mL).
- Deionized water (50 mL).
- User manual.
