

PORTABLE ION ANALYZER

1 unique
METER

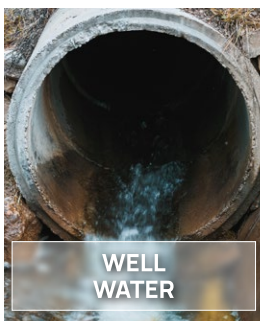

8 up to
PARAMETERS
simultaneously

 Reagent-
FREE

Applications  imacimus

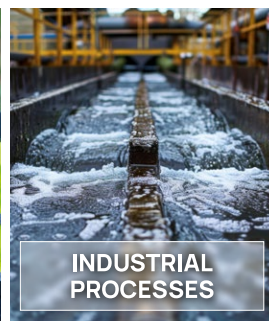

**WATER
TREATMENT**

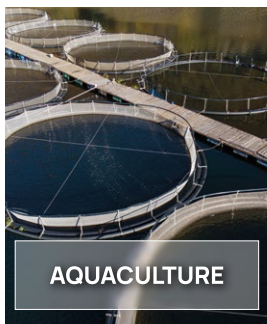

**WELL
WATER**

**ENVIRONMENTAL
MONITORING**

**INDUSTRIAL
PROCESSES**

AQUACULTURE

**SWIMMING
POOLS & SPAS**

LABORATORY

**AGRICULTURAL
SECTOR**

18 YEARS OF EXPERIENCE

Providing global solutions for ion analysis and control in a wide range of applications, from water treatment and environmental monitoring to industrial processes, aquaculture, swimming pools, laboratories, and the agricultural sector.

Calcium

Chloride

Perchlorate

Bromide

Fluoride

Iodide

Potassium

Lithium

Magnesium

Sodium

Ammonium

Nitrite

Nitrate

Hydrogen

Control directly at the
sampling point

Direct measurements
unaffected by color or
turbidity

Optimizes monitoring
and treatment processes

Supports more sustainable
and efficient water
management

Without
interferences

Wide range
<1 a 10.000 ppm

Results
in 1 minute
